In the Matter of:

AN ADJUSTMENT OF RATES)
OF EQUITABLE GAS COMPANY)

CASE NO. 6602-K

O R D E R

On December 8, 1976, the Commission issued its Final Order in Case No. 6602, approving certain rates and providing under certain conditions for the further adjustment of such rates when the wholesale cost of gas is increased or decreased.

On November 9, 1978, the President of the United States signed into law the Natural Gas Policy Act of 1978, which established significantly higher rates for producers of certain categories of natural gas. This federal legislation has resulted in higher gas costs to interstate pipeline companies serving the various gas consuming states, including Kentucky. Once the FERC approves the right of these interstate transmission companies to pass this increased cost on to its distribution company customers, state commissions must, in turn, allow intrastate distributors to pass their increased costs on to their customers by adjusting the basic rates.

On October 10, 1980, the Applicant, Equitable Gas Company, notified the Commission that its wholesale cost of gas was increased by its supplier, Kentucky-West Virginia Gas Company (Kentucky-West), effective November 1, 1980, and submitted with its notice certain information in compliance with this Commission's Order of December 8, 1976. The notice set out an increased cost of natural gas of its supplier in the amount of \$127,494.

After reviewing this evidence of record and being advised the Commission is of the opinion and finds:

1. The Commission has long states (in writing to FERC) its opposition to the procedures and regulations used by the Federal Energy Regulatory agency in approving these supplier increases. We continue to be opposed and are continuing to seek alternative ways to overcome the regulatory inequities

which have such a direct impact on the retail consumers.

2. The Federal Energy Regulatory Commission approval of a wholesale rate increase to a Kentucky gas retailer requires approval by the Commission of rates that will permit the Kentucky utility to adjust its customer charges to reflect the added purchase cost, or alternately the utility must absorb the added cost. We are of the opinion that failure to allow this increase to be passed through to its retail consumers on a timely basis would be unjust to the Company and would ultimately result in higher rates to their consumers in any event.

3. That the Applicant's supplier, Kentucky-West has filed revised tariff sheets reflecting an increase in rates with the FERC and said increase will become effective November 1, 1980, and that this filing includes an adjustment for Gas Research Institute Funding.

4. That these revised tariffs result in increased rates to the Applicant and said increase will be made effective November 1, 1980.

5. That the adjustments in rates under the Purchased Gas Adjustment Clause approved by the Commission in its Order in Case No. 6602 dated, December 8, 1976, as set out in Appendix "A", and attached hereto and made a part hereof are fair, just and reasonable and in the public interest and should be allowed to be effective with gas supplied on and after November 1, 1980.

IT IS THEREFORE ORDERED that the rates including the proposed Purchased Gas Adjustment sought by the Applicant be and the same are hereby approved to be effective with gas supplied on and after November 1, 1980, as set out in Appendix "A" attached hereto and made a part hereof.

IT IS FURTHER ORDERED that for the purpose of the future application of the Purchased Gas Adjustment Clause of Applicant the Base Rate for purchased gas shall be:

Kentucky-West Virginia Gas Company

Commodity
\$1.3629/dth

IT IS FURTHER ORDERED that the information furnished this Commission by the Applicant on October 10, 1980, constitutes full compliance with the Commission's Order in Case No. 6602 and any other information ordinarily required to be filed under the Commission's Rules is hereby waived.

IT IS FURTHER ORDERED that within thirty (30) days after the date of this Order, Applicant shall file with this Commission its revised tariff sheets setting out the rates approved herein.

Done at Frankfort, Kentucky, this 28th day of October, 1980.
